Languages

- **English (C1 +, IELTS certificate)**
- **Spanish (A2)**

Expertise

- **Manual testing**
- **Functional testing**
- **Requirements Analysis**
- **GUI Testing**
- **Mobile Testing (Android Studio)**
- **Databases (MySQL, MS SQL)**
- **CSS/HTML**
- **JIRA**
- **Postman**
- **JSON/XML**

I am a passionate entry-level specialist with a perfect command of English who wants to grow as a Testing Engineer. I worked in a multi-cultural and demanding atmosphere where I excelled at handling multiple time-sensitive tasks and assured quality of the documentation I was in charge of. I have successfully completed EPAM's Software Testing Introduction course and was invited to practise in the EPAM's Laboratory where I have gained first-hand experience on the basics of SDLC and testing and now am keen to expand my knowledge.

Experience

March 2022 - July 2022
EPAM Systems Inc.

Software Testing Engineer (Student)

- studied and practised the full cycle of functional testing on the project: writing Test Plan, conducting Requirement Analysis, deploying the application on the testing server, writing checklists and test cases, stating the found defects in JIRA;
- completed Functioning Testing, GUI Testing, Mobile Testing, Domain Testing, Pairwise testing as part of my studies;
- effectively studied and practiced with HTML/CSS, Databases (MySQL, MS SQL), Web Services and JSON/XML.

January 2018 - February 2022
SP ZAO MILLENNIUM GRUPP - Scania Dealer Center

Administrator

- managed and coordinated the truck delivery process to Belarus from the Netherlands, including overseeing the correctness of all accompanying documentation (invoices. contracts. specifications, etc);
- streamlined the process of invoicing for the trucks;
- completed marketing support for the Dealer Center (maintenance the website, communication with the clients, creation of leaflets, calendars and other hand-outs).

Education

September 2013 - February 2018
Minsk State Linguistic University

Specialist in Intercultural Communication, Translator-Assistant of the English and Spanish Languages

January 2022 - February 2022
EPAM Training Center

Software Testing Introduction course
